## Back-To-School Shopping Tips

As summer winds down, it's time for back-to-school shopping! Here are some tips to help save time and money.

- **Get the teacher-approved list.**

Many teachers have lists of items they want their students to have.

- **Take an inventory of clothing and supplies you already have.**

Then, set a budget and buy only what you need.

- **Involve your kids.**

Use school shopping as a way to teach your children about money, budgeting and organizing.

- **Use price comparison apps.**

Use comparison apps to help you check for the best available price in real time. Many of these apps use your phone's camera to scan a product code. Then they search online databases to show you prices and information about similar products sold online or in stores.

- **Consider buying used or refurbished.**

Whether it's clothing, sporting equipment, electronics or musical instruments. Consignment and resale shops are a great place to find quality merchandise at deep discounts.

- **Take advantage of tax-free shopping.**

Tax-Free Week will begin Sunday, August 19<sup>th</sup> – Saturday, August 25<sup>th</sup>.
